

Global OpEx Solutions

1-DAY SEMINAR

Course Code: IMSL-V02

Successful and sustainable continuous improvement systems rely heavily on how systems integrate tools as one management system, and on how strategically one embarks on the journey to operational excellence. Unfortunately many of the companies have focused on tools and radical changes which result in high costs, long learning curves, long gestation periods and unsustainable improvements. Participants will learn how to embark on a sustainable and successful continuous improvement journey by implementing an integrated management system and focusing on strategically solving significant problems through high-value, low-cost solutions. This approach is most suited during extremely difficult times.

Key Topics

- ◇ Operations' Integrated Management System
- ◇ Strategic Thinking (A3)
- ◇ Value Stream Mapping
- ◇ Strategy Deployment

Learning Objectives

- ◇ Pitfalls to avoid for management system deployment
- ◇ Improve management efficiency through well connected systems
- ◇ Strategic planning & policy deployment (A3 & Hoshin Kanri)
- ◇ Daily visual management to expose problems
- ◇ Problem solving methodologies & management
- ◇ Identifying high-value, low-cost solutions
- ◇ Leading continuous improvement system transformation

Who should attend?

Corporate Executives
Plant Managers & Business Unit Leaders
Continuous Improvement Directors
Program Mgt. Directors (PMPs earn 8 PDUs)
Product Engineering Directors

Open Enrollment Fees

\$795 COC Members	\$895 Non-members
\$845 AME/ASQ/IIE/PMI® Members	

Instructors

John P. Gay, Master Black Belt, Principal Consultant — OpEx Solutions, has been Supervising Master Black Belt and Global Best Practices Leader for Focused Improvement for DuPont, delivering over \$1M per person every year in hard, validated savings in addition to \$2M + in soft savings until his retirement. He also led 14 engineers and chemists as Technical Superintendent for the LaPorte, Texas Dupont plant, ensuring compliance with new environmental permit standards including effluent water quality. John is an APICS Certified Supply Chain Professional and a SCORE (Supply Chain Council) Professional.

Ken McClymonds PE, Principal Consultant — OpEx Solutions, is a registered Professional Industrial Engineer and Six Sigma Master Black Belt with over 40 years of professional experience and 19 years at VP level, leading process improvement systems resulting in significant and sustainable bottom line results. Ken is a Senior Member of IIE, and a director of the Institute for High Performance Planning.

Cancellation Policy: Enrollment fee less \$100.00 non-refundable registration charge will be refunded up to one week before the event. Substitutions may be made any time prior to the start of the training. In the event of cancellation by OpEx Solutions, Inc. (OSI) for any reason (probability very low), the enrollment fee will be refunded, however, OSI is not responsible for incidental costs incurred by registrants.
